

Letter of Interest - Collingwood Town Council

Since brevity is the essence of good communication, I will be very brief.

As a retired Officer from the Royal Canadian Air Force, I take my civic duty VERY seriously. I wore the uniform for two years as an infantryman, then twelve years as an Air Traffic Controller, to uphold and defend every Canadian's right to a voice in our government. At every level. And I have NEVER missed an opportunity to vote. My ethics are unimpeachable, and my loyalty to my country is unwavering.

I will bring this same devotion to duty to my work with the Town Council.

Michael Bettam, Capt(Ret)
